Code Poet Kronos9

Our DNA is pattern based, handcrafted by a machinist at heart. It is that machinist speaking in that ancient tongue I've yet to unravel. Growing in the light of our imagination packets of information float through the ether waiting for us to front-load. I've taken much care in the deconstruction of this great unknown sea - leaving shallow ripples of chaos in our wake. Cursed systems, destructive language imbeded into Click, shift > return to our infinite patterns - to our logo types. Blank faces marveling at sun systems sifting through the layers of light so we can run agnostic sequence executing commands with sheer will without need of singularities.
