Cases and Materials on Equitable Remedies, Restitution And Damages, 7th Edition (American Casebook Series) Robert N. Leavell, Jean C. Love, Grant S. Nelson, Candace S. Kovacic-Fleisher

The Seventh Edition of Equitable Remedies, Restitution and Damages continues to provide comprehensive coverage of the legal and equitable remedies that are available in actions for both public and private wrongs. Although the casebook is designed for a Remedies course (of any length), it is also suitable for a separate course in Equity, Injunctions, Restitution, or Damages. The first half of the casebook introduces students to injunctions, damages, restitution, and declaratory judgments, in that order. The second half of the casebook gives students an opportunity to consider these four types of relief as remedies in actions for tortious misconduct, breach of contract, and unjust enrichment. While this edition shares the same organizational plan as its predecessor, it has been substantially enriched by the addition of new cases and textual notes.
