Like gardening, bird watching is a fast-growing regional hobby. Now, Cool Springs Press brings its proven method of successful state-specific gardening approach to bird watching guides. In collaboration with Bird Watcher's Digest, these bird watching guides provide accessible, credible advice.

The birds that frequent the backyards of Alabama differ from the birds that frequent the backyards of Tennessee. In addition to unique descriptions, each bird profile includes a range map to identify each bird's North American distribution. One hundred birds are profiled, each with a color photograph, to ensure accurate identification. A seasonal section informs the reader of:

Migrating birds that can be seen during that season

The foods and plants that can attract those birds

Where to go to view year-round and migrating birds

Cool Springs Press's partner, Bird Watcher's Digest, has sold more than 4 million copies of their booklets on bird species, bird habitat, feeding, and other related topics.

This series of books from Cool Springs Press targets the beginning bird watchers for ten states.
