Infinite Group Inc. (IGI) delivers IT services and support, and business advisory services for small- and medium-sized business. We demystify - traditional business planning, strategic planning, program management, software and database design, development, testing, deployment, implementation, & upgrade. And, we deliver engineering change, cost avoidance, and contract consolidation for government and commercial customers. GOAL #1 - to support revenue generation and profitability of our small- and medium-sized business partners. GOAL #2 - to support the cost avoidance and contract consolidation for our government customers (reduce total cost of operations). GOAL #3 - support knowledge transfer and technical education & training in CyberSecurity for government and commercial clients. Our flagship service is CyberSecurity technology and the deployment of the IGI CyberSecurity Toolkit with ÜberScan Technology and other patented and protected solutions for federal government, state and local governments, and for small- and medium-sized business. Our ÜberScan Technology is optimized for the three market segments (Federal, state and local, and commercial) and delivers the most requested CyberSecurity services: 1) visualization, 2) assessment of vulnerabilities and threats, 3) penetration testing, 4) prioritization of risks, 5) proof-of-concept, 6) phased implementation, 7) remediation of risks, 8) reporting, and 9) education and training. IGI teams to deliver IT services and support, and business advisory services for the small- and medium-sized business community. These include: minority-, woman-, VOSB- and SDVOSB-owned businesses, Alaska Native Corporations, HUBZone, and 8(a) businesses that deliver IT service and support, business advisory services, and CyberSecurity product and service offerings to government and commercial customers.
