Building and maintaining an opening repertoire can be a demanding task -- for a start there are an enormous number of different lines to choose from. There's a strong temptation amongst beginners and improving players to opt solely for tricky lines in order to snare unsuspecting opponents, but this approach has only short-term value. As players improve and their opponents become stronger, very often these crafty lines don't stand up to close scrutiny, and suddenly they back to square one with no suitable opening weapons.

In *Starting Out with 1 e4!* and *Starting Out with 1 d4!* Neil McDonald and John Cox solve this perennial problem by providing the reader with a strong and trustworthy repertoire with the white pieces based on the popular opening moves 1 e4 and 1 d4. The recommended lines given here have stood the test of time and are regularly employed by Grandmasters. Reading these books will give players the confidence to play these variations against all strengths of player and provides them with reliable opening armoury for years to come.

These books are written in Everyman Chess's distinctive Starting Out style, with plenty of notes, tips, and warnings throughout to help the aspiring player.

- >Grandmaster-style opening repertoires
- >Written by opening experts
- >Ideal for improving players
