Before the events of Damson's Distress, and indeed before Damson ever joined Captain Danaco and his crew, the men of the good ship Myrellenos had their own adventures. The Leaf Flute is a prequel standalone novella about Danaco, Bartleby, and Rannig, following their time spent in Sesterna, where gang bosses reign, pilfering is legal, and a Lucentian pirate king and his crew are the only decent men about. A mission to save an emissary's effects becomes a quest to dismantle the entire Sesternese underground, and by the power of Rannig's musical prowess, Danaco's cunning, and Bartleby's rants, the black markets of Sesterna will never be so disrupted nor so thoroughly entertained.
