The Highland Clans

Alistair Moffat

The Highland Clans Alistair Moffat

“A brisk and accessible guide to a thousand years of reiving and rivalry in the Highlands.” *The Scotsman*

The story of the Highland clans of Scotland is famous, the names celebrated, and the deeds heroic. Having clung to ancient traditions of family, loyalty, and valor for centuries, the clans met the beginning of their end at the fateful Battle of Culloden in 1746.

Alistair Moffat traces the history of the clans from their Celtic origins to the coming of the Romans; from Somerled the Viking to Robert the Bruce; from the great battles of Bannockburn and Flodden to Bonnie Prince Charlie and the Jacobite Risings; and from the Clearances to the present day.

Moffat is an adept guide to the world of the clans, a world dominated by lineage, land, and community. These are stories of great leaders and famous battles, and of an extraordinary people, shaped by the unique traditions and landscape of the Scottish Highlands. It's a story too about the pain of leaving, with the great emigrations to the United States, Canada, Australia, and New Zealand that began after Culloden.

Complete with a clan map and an alphabetical list of the clans of the Scottish Highlands, this is a must for anyone interested in the history of Scotland.

86 illustrations, 35 in color

From reader reviews:

Frank Keating:

The book The Highland Clans can give more knowledge and also the precise product information about everything you want. Why then must we leave a very important thing like a book The Highland Clans? Wide variety you have a different opinion about e-book. But one aim in which book can give many info for us. It is absolutely proper. Right now, try to closer with the book. Knowledge or details that you take for that, you can give for each other; you could share all of these. Book The Highland Clans has simple shape but the truth is know: it has great and massive function for you. You can search the enormous world by start and read a book. So it is very wonderful.

Stephen Hawkins:

What do you about book? It is not important along? Or just adding material when you really need something to explain what your own problem? How about your spare time? Or are you busy man or woman? If you don't have spare time to accomplish others business, it is gives you the sense of being bored faster. And you have spare time? What did you do? Every individual has many questions above. The doctor has to answer that question since just their can do that will. It said that about book. Book is familiar in each person. Yes, it is right. Because start from on kindergarten until university need this The Highland Clans to read.

Dawn Campbell:

That reserve can make you to feel relax. This book The Highland Clans was vibrant and of course has pictures around. As we know that book The Highland Clans has many kinds or style. Start from kids until teens. For example Naruto or Private investigator Conan you can read and believe you are the character on there. Therefore , not at all of book are usually make you bored, any it makes you feel happy, fun and loosen up. Try to choose the best book in your case and try to like reading this.

Bradford Padgett:

A lot of guide has printed but it is unique. You can get it by world wide web on social media. You can choose the top book for you, science, witty, novel, or whatever simply by searching from it. It is named of book The Highland Clans. You can include your knowledge by it. Without departing the printed book, it could add your knowledge and make anyone happier to read. It is most important that, you must aware about e-book. It can bring you from one location to other place.
