The City of the Sun Tommaso Campanella

City of the Sun, written in 1602, is Tommaso Campanella's contribution to the body of literature concerned with utopia, the philosophical search for the perfect society. Campanella's utopia was based on a form of communism in which all possessions, including women and children, were shared by men. The great city was ruled by a spiritual leader named Metaphysic, whom Power, Wisdom, and Love served, overseeing all aspects of the society. Wisdom ensures that the sciences are properly taught, while Love ensures that men and women breed the most perfect children.
