Distance Education and Learning

Distance Education and Learning

Education is an essential for an individual's existence. This book, written by writers from different countries across five continents, is a compilation of global perspectives on distance learning implementations in higher education. The viewpoints are presented in the form of practical case studies of distance learning attainment, research studies on teaching and learning in distance learning surroundings, and theoretical frameworks for developing distance learning tools, courses and programs. This book discusses all the advantages of distance learning and will motivate it extensively among students.
