Environmental Protest in Western Europe (Comparative Politics)

Environmental Protest in Western Europe (Comparative Politics)

Based upon an analysis of the protest events reported in one quality newspaper in each of eight countries during the ten years 1988 to 1997, this is the first systematically comparative study of environmental protest in a representative cross-section of EU member states. It breaks entirely new ground in the study of environmental politics in Europe and is a major contribution to the study of protest events.
