Teacher's Manual - Keys to Learning: Skills and Strategies for Newcomers is intended for students who need to develop language skills in order to study the content areas in an all English curriculum. It is designed for English as a Second Language (ESL) students at the beginning level of English proficiency who also have limited literacy in their native language. Because they need to develop their skills both in and out of school, these students need literacy development that ranges from phonological awareness and the formation of letters to the tasks of writing and reading both stories and informational texts.
