## **Digital Face** Zelda Leah Gatuskin

Eleven stories blur the lines between surrealism, magical realism, fantasy, sci-fi, romance and satire. Gatuskin provides tart depictions of popular culture, imaginative takes on the future (and past) of humanity, and mystical currents swirling below the surface. Vivid description of external details combine with sympathetic attention to the inner lives of her characters to draw the reader into these timely, imaginative and thought-provoking scenarios. This title has received a 5-heart rating from Foreword Reviews: "Fantasy and reality blur in this science fiction collection, full of eerie, otherworldly moments.... each piece in the collection features an interesting sci-fi premise crafted well, and the best pieces are written with visually evocative language, which adds to their appeal." [Foreword Reviews, Summer 20016]
