Overcoming Contenderosis: Hypnosis for Pool Players Ryan Elliott

Overcoming Contenderosis is a 5-CD, 10-session hypnosis success program for pool players. It was created by Ryan Elliott, a sports and certified medical hypnotist. It is intended to help competitive players eliminate the mental, emotional and psychological obstacles that prevent them from delivering their best game. Most experts agree that pool is 80-90% mental. Competitive players know that it is crucial to keep your head together under pressure, but many find it hard to stay calm and focused in the ring. Some have studied the subject immensely, but still shake and choke when the pressure is on. Some drink alcohol and others take drugs (prescription or otherwise) to calm their nerves. It's time to try something different -- something that really works! Overcoming Contenderosis is the original leader in the field of subconscious programming for pool players. It uses the newest techniques in hypnosis and is specifically targeted to the sport of pool and billiards. Each session takes you to that state of reduced stress and heightened creativity that helps you play at peak levels. Hypnosis helps to remove the mental garbage that stands in the way of bringing out your best game. Each session focuses on the following specific subjects: Initial Hypnosis; Successful Winning Principles; General Pool Suggestions; Specific Pool Suggestions; Personal Accomplishment; Goal Setting & Realization; The Incredible You; The Name of the Game; Self Discipline & Persistence; and The Winning Pyramid. Overcoming Contenderosis has already helped thousands of pool players play better pool. Just plug it in, get comfortable, and close your eyes. **WARNING: DO NOT USE THESE CDs WHILE DRIVING!** They truly make you feel relaxed! Some have reported sleeping much better after using the hypnosis CDs. Some have even referred to them as 'cleansing.' When used correctly (at least once daily for at least 30 days), almost ALL players have reported a significant increase in concentration and focus at the table. Keep in mind that there is no magical device (hypnotic or otherwise) that will ever make up for lack of practice. You will NOT become a champion without putting your time in on the table. Practice leads to perfection, which leads to confidence. Hypnosis leads to clarity. When you add your practice time to confidence and have the clarity to perform, you can then become a champion! Order Overcoming Contenderosis today. You'll want to get started at least 30 days before your next tournament. You know what you're made of! Now, FINALLY!, show it!
