In his *Path to Better Golf*, Peter Croker sets out to completely change the way golfers learn to swing the club. He begins by stripping away all the misinformation that golfers have picked up while trying to improve their game. Then he introduces his Push action movement designed to help create a more natural and coordinated swing. The Push Action Swing requires very little practice to perfect and allows golfers to hit the ball more powerfully and accurately with less stress on the back.

Croker demonstrates that like hockey and baseball, golf is a hitting game. At the basic level, you need to learn how to hit the ball instead of relying on a technique to do it for you.
