## From Karl Mannheim

Karl Mannheim's thought cuts across much of twentieth-century sociology, politics, history, philosophy, and psychology. This enlarged anthology convincingly demonstrates his centrality to present-day interpretive social and political theory. The posthumous publication of *Structures of Thinking* and the full text of *Conservatism* have made *From Karl Mannheim* more relevant than ever. This volume demonstrates Mannheim's self-awareness and self-critical rhetoric, his sensitivity to cultural contexts, his experimental approach to systems of ideology, his recognition of multiple modes of knowing, and other features of his unfinished theorizing.

There is a strong affinity between Mannheim and contemporary interest in problems of cultural interpretation. New sensitivity to the issue of relativism in both social and cultural studies also depends heavily on Mannheim. The recent demise of communism in Eastern Europe and Russia has focused attention once more on relations between intellectuals in politics, and Mannheim is arguably the most influential thinker who placed this relationship at the center of informed discussion. The range and variety of the articles in this volume reveal him, once again, as a formidable experimental and innovative thinker.

This expanded edition includes Mannheim's brilliant essay "The Problem of Generations." In a new substantial introduction, Volker Meja and David Kettler analyze previously unpublished writings by Mannheim. *From Karl Mannheim* is essential reading for social and political theorists, as well as for psychologists. As Emory S. Bogardus noted: "Mannheim's life-work is seen as an important, far-reaching and thoughtful complement to the work of sociologists who concentrate their research in terms of behavioral science."

#### **Linda Harris:**

As a college student exactly feel bored for you to reading. If their teacher inquired them to go to the library or to make summary for some e-book, they are complained. Just tiny students that has reading's spirit or real their interest. They just do what the educator want, like asked to the library. They go to presently there but nothing reading very seriously. Any students feel that looking at is not important, boring and can't see colorful pics on there. Yeah, it is being complicated. Book is very important for yourself. As we know that on this period, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore this From Karl Mannheim can make you truly feel more interested to read.
