Every 7 seconds another Boomer turns 50! Can grandparenting be far behind? While New-Fashioned Grandparenting respects tradition it seeks to clarify and update our role.

Think of yourself as a SENIOR CONSULTANT - status!

Check out the MISSION STATEMENT - purpose!

Review your JOB DESCRIPTION - a challenge!

This is a how-to book like none other of its kind. Using a quasi-business format the author reviews the elements of consulting and applies them to grandparenting. It makes for an unusual treatment of the subject and readers agree that it works.

The focus of the book concerns grandkids from about the age of four through high school, the period when we want to develop genuine relationships with them. Don't get trapped into recycling the partenting role. That's fraught with discipline and authority. Grandparenting is something else entirely. Shouldn't we learn to perform according to a different set of standards?
