Master weaver Tom Knisely presents patterns and ideas to spruce up your table with new weaves

Tom Knisely, author of bestseller *Rag Rug Weaving* and *Handwoven Baby Blankets*, has now turned his attention to one of the most popular categories of weaving: table linens. Placemats, runners, tablecloths, and napkins play a central role in creating the look of a dining room or kitchen table, and this book gives you the tools needed to realize your vision for these special items.

Tom has found inspiration from things as varied as china patterns, a classic Spode Christmas tree, and traditional weaving patterns such as Shadow Weave, Wheel of Fortune, and Star of Bethlehem. For each pattern, he outlines the materials you need, how to set up your loom, and the pattern to weave. Add your own dash of inspiration if you choose different colors, and make each piece your own.

The 27 patterns include simple weaves worked on 2- and 4-harness looms, as well as more complex weaves requiring more harnesses. Because Tom is at heart a teacher, he also chose each project with the thought that it should add to your weaving repertoire in some way. The techniques you learn as you work on the projects in this book are things that you can adapt and use down the road in future weaving.
