Water Scientists: Earth and Space Science (Science Readers) William B. Rice

Mohammed Karaji, Edmond Halley, Henry Darcy, and Pelageia Polubarinova-Kochina are some of the most important water scientists highlighted in this nonfiction book. Readers will love the vivid images, easy-to-read text, helpful charts and graphs, and accessible glossary and index. Featuring a captivating hands-on lab activity, this book will leave readers eager and excited to learn more!

About Shell Education

Rachelle Cracchiolo started the company with a friend and fellow teacher. Both were eager to share their ideas and passion for education with other classroom leaders. What began as a hobby, selling lesson plans to local stores, became a part-time job after a full day of teaching, and eventually blossomed into Teacher Created Materials. The story continued in 2004 with the launch of Shell Education and the introduction of professional resources and classroom application books designed to support Teacher Created Materials curriculum resources. Today, Teacher Created Materials and Shell Education are two of the most recognized names in educational publishing around the world.
