Beardsley's work is looked at alongside the work of contemporaries such as Oscar Wilde, Max Beerbohm and W.B. Yeats and against the backdrop of the artistic, literary and social life of fin-de-siecle London, Dieppe and Paris. In addition to the drawings, the book includes examples of Beardsley's innovative book binding, prints and posters, revealing a gallery of portraits and photographs from that decadent period, the "Naughty Nineties." It also explores the diverse influences, such as ancient Greek vase painting and Japanese prints, upon which the young artist freely drew in the formation of his own style.
