Fire Design of Steel Structures: EC1: Actions on structures; Part 1-2: Actions on structure exposed to fire; EC3: Design of steel structures; Part ... fire design (Eccs Eurocode Design Manuals) Jean-Marc Franssen, Paulo Vila Real

This book explains and illustrates the rules that are given in the Eurocodes for designing steel structures subjected to fire. After the first introductory chapter, Chapter 2 explains how to calculate the mechanical actions (loads) in the fire situation based on the information given in EN 1990 and EN 1991. Chapter 3 is dedicated to the models which represent the thermal actions created by the fire. Chapter 4 describes the procedures to be used to calculate the temperature of the steelwork from the temperature of the compartment and Chapter 5 shows how the information given in EN 1993-1-2 is used to determine the load bearing capacity of the steel structure. Chapter 6 presents the essential features that characterize the advanced calculation models, for thermal and mechanical response. The methods used to evaluate the fire resistance of bolted and welded connections are described in Chapter 7. Chapter 8 describes a computer program called 'Elefir-EN' which is based on the simple calculation model given in the Eurocode and allows designers to quickly and accurately calculate the performance of steel components in the fire situation. Chapter 9 looks at the issues that a designer may be faced with when assessing the fire resistance of a complete building. This is done via a case study and addresses most of the concepts presented in the previous chapters. For this second edition the content has been revised and extended. The book contains some new sections, e.g. a comparison between the simple and the advanced calculation, as well as additional examples.

From reader reviews:

Jonah Masten:

Book is to be different for each grade. Book for children until finally adult are different content. We all know that that book is very important normally. The book Fire Design of Steel Structures: EC1: Actions on structures; Part 1-2: Actions on structure exposed to fire; EC3: Design of steel structures; Part ... fire design (Eccs Eurocode Design Manuals) was making you to know about other expertise and of course you can take more information. It is very advantages for you. The book Fire Design of Steel Structures: EC1: Actions on structures; Part 1-2: Actions on structure exposed to fire; EC3: Design of steel structures; Part ... fire design (Eccs Eurocode Design Manuals) is not only giving you far more new information but also to get your friend when you sense bored. You can spend your current spend time to read your e-book. Try to make relationship together with the book Fire Design of Steel Structures: EC1: Actions on structures; Part 1-2: Actions on structure exposed to fire; EC3: Design of steel structures; Part ... fire design (Eccs Eurocode Design Manuals). You never sense lose out for everything when you read some books.

David Anthony:

The feeling that you get from Fire Design of Steel Structures: EC1: Actions on structures; Part 1-2: Actions on structure exposed to fire; EC3: Design of steel structures; Part ... fire design (Eccs Eurocode Design Manuals) is a more deep you looking the information that hide within the words the more you get interested in reading it. It doesn't mean that this book is hard to be aware of but Fire Design of Steel Structures: EC1: Actions on structures; Part 1-2: Actions on structure exposed to fire; EC3: Design of steel structures; Part ... fire design (Eccs Eurocode Design Manuals) giving you joy feeling of reading. The writer conveys their point in certain way that can be understood through anyone who read the item because the author of this reserve is well-known enough. This kind of book also makes your own personal vocabulary increase well. So it is easy to understand then can go with you, both in printed or e-book style are available. We recommend you for having this Fire Design of Steel Structures: EC1: Actions on structures; Part 1-2: Actions on structure exposed to fire; EC3: Design of steel structures; Part ... fire design (Eccs Eurocode Design Manuals) instantly.

Margaret Boyer:

Reading a book to become new life style in this yr; every people loves to go through a book. When you examine a book you can get a wide range of benefit. When you read publications, you can improve your knowledge, simply because book has a lot of information into it. The information that you will get depend on what sorts of book that you have read. If you need to get information about your study, you can read education books, but if you act like you want to entertain yourself read a fiction books, this sort of us novel, comics, and also soon. The Fire Design of Steel Structures: EC1: Actions on structures; Part 1-2: Actions on structure exposed to fire; EC3: Design of steel structures; Part ... fire design (Eccs Eurocode Design Manuals) will give you a new experience in reading through a book.

Kathryn Botello:

You can spend your free time to learn this book this book. This Fire Design of Steel Structures: EC1: Actions on structures; Part 1-2: Actions on structure exposed to fire; EC3: Design of steel structures; Part ... fire design (Eccs Eurocode Design Manuals) is simple to create you can read it in the park your car, in the beach, train in addition to soon. If you did not include much space to bring often the printed book, you can buy the particular e-book. It is make you much easier to read it. You can save the actual book in your smart phone. Therefore there are a lot of benefits that you will get when you buy this book.
