**This is the story of Gemma and me: how I lost her, I suppose. I don't usually tell it to anyone but myself;**

**I save it for the darkest moments.**

*Losing Gemma*, Katy's Gardner's debut novel about adventure, losing your best friend, and self-discovery, has been translated into twelve languages and compared to Alex Garland's breakthrough novel, **The Beach**, among many others. This time, the backpacking heroes are girls. What makes *Losing Gemma* truly unforgettable, is the read itself; it's an impossibly suspenseful novel that's as gripping as it is psychologically rich. Two young women have gone looking for adventure, backpacking through India—but only one returns. The other one believes it's all her fault. And the mystery behind what really happened during their fateful visit to a secluded shrine compels the reader forward to a page-turning conclusion that's shocking, strange, and haunting.
