Soviet Posters: The Sergo Grigorian Collection Maria Lafont

This massive book of Soviet propaganda posters, many rare and never before published, is at once a revealing historical document and a sublime example of graphic art at its best. Dating from 1917 to the beginning of the Cold War, the posters in this book feature the work of such major Russian ground-breaking avant-garde designers as El Lissitzky and Alexander Rodchenko as well as extraordinary works by anonymous artists. Presented in full color, the 250 posters gathered here range in themes from warnings about the dangers of alcohol abuse and the creeping Nazi menace to illustrations of utopian harmony and the Soviet industrial machine. A brief illustrated introduction offers a chronological overview of the period that produced such eloquent art, which has long been a major source of inspiration to artists and designers.
