## **Technological Holocaust** Sharon R. Poet

This little book exposes criminal use of radio wave technologies, (microwave weapons) which should be of interest to every nation, community, family and individual who values personal Freedom and the retaining of our basic human rights. Please tune into the depths of your own Heart and instincts as you consider this book, because you may want to pass it off as “just another conspiracy theory,” even though it’s proof can make the Truth shine through the deepest shadows of doubt. This is not a "cause" or a "theory" - its a fight for our lives. Its not a matter of if you "believe it" or not - its a matter of if you are aware and if you can care to help retain our Freedom. Please care. Scientists and witnesses have reported that, since 1950s, various types of microwave targetings, including behavior modification programs, have been happening, around the globe, through remotely directing beams of radio waves (electromagnetic frequencies / microwaves) into the brains and other organs of Targeted Individuals or into whole communities and countries, in order to accomplish brainwashings and/or remote technological experimentation...etc. Please become aware and help preserve the personal Freedom that humanity needs, in order for us to grow and evolve into all that we were meant to be. This book grew from material I had published on the web, and in printed papers, from September 2011 to now. . .
