There is perhaps no subject that Christians have discussed, debated, and argued over more fiercely than that of the nature, government, and function of the church... (T)he message of this book does not primarily address narrow denominational issues. Rather, the author attempts to set out biblical principles that can, in the main, be acted upon and applied in all Christian churches, regardless of denomination. In this way the author seeks to apply the Reformation dictum *Ecclesia reformata semper reformanda* - "the reformed church is always fit to be reformed" - to the modern church in order to encourage a more faithful practice of the church's great commission in our day.
