Ed Lovette

The Snubby Revolver: The ECQ, Backup, and Concealed Carry Standard Ed Lovette

In this book, former CIA operative and *Combat Handguns* columnist Ed Lovette pays homage to the short-barreled revolver, or snubby, holding it up as the timeless standard in concealed carry, backup and extreme close quarters (ECQ) defensive weapons. He addresses the four most common complaints about the snubby - grip, front sight, trigger and ammo capacity - and presents viable ways to remedy those issues based on his personal experience. Lovette devotes the second half of the book to defensive tactics, running the gamut from basic personal defense to strategic planning for extraordinary situations such as surveillance and carjackings to considerations specific to the use of the pocket revolver. This book is a must for anyone seeking objective, practical insight into the snub-nose revolver's enduring value.
